

Special private viewing of the rough cut of

Between Earth and Sky

A video documentary on Iraqi refugees, filmed in the Middle East by human rights attorney Kalyanee Mam and sound designer David Mendez

- Meet Mam and Mendez, learn about the project and how it was filmed
- Donations to the screening help raise money needed to finish editing and begin distribution
- Learn how residents of Calaveras County, California and the U.S. can help those displaced by the war in Iraq

Kalyanee Mam

A note from Dana:

I first met Kalyanee on a camping trip when she was 14. She grew up in Stockton while I lived there and always showed a fearless spirit. Since attending Yale University and UCLA law school, she has traveled the world doing human rights work. I urge you to take advantage of this opportunity to meet her and to hear her perspective as a refugee on the situation of Iraqi refugees.
